

Graduation Internship Marketing & Communication

<https://www.icdrachten.nl/vacatures/graduation-internship-marketing-communication/>

Bedrijf: Resato Hydrogen Technology B.V.

Locatie: Assen

Opleidingsniveau: HBO

Periode: Onbepaalde tijd

Stage: Ja

ASSIGNMENT DESCRIPTION:

Are you skilled in research and eager to contribute to the development of a new market? Then this internship is perfect for you! We are making strategic decisions regarding, among other things, geographic focus, branding, our market positioning, and tailoring content to our target audience. One thing is certain: your analysis and the results of your research will be used directly.

DESIRED QUALIFICATIONS:

- You are studying Marketing & Communication, or something related, at HBO level
- You are passionate about marketing and communication
- You have a critical mindset and can analyze problems from different perspectives
- You are motivated, eager to learn and proactive

WHAT DO WE OFFER:

- The opportunity to work at a rapidly growing, leading company that is continuously developing
- A collegial and energetic team that warmly welcomes you
- Personal guidance from your buddy and experienced colleagues
- A competitive internship allowance
- Fresh fruit every day
- Freedom for initiatives and ideas
- The chance to make an active and valuable contribution to your team's work

PROCEDURE:

The internship starts in February 2025.

Are you excited after reading this thesis vacancy and want to be part of an organization contributing to a greener future?

Then quickly send your CV and motivation letter to HR@resato-hydrogen.com. Please also let us know

- which vacancy you are applying for, and
- which tasks and/or topics you prefer for your thesis project.

We look forward to meeting you!
